Shoes

Shoes PPT Presentation

Shoe History

Shoe History explores the evolution of footwear over time, from ancient civilizations to modern-day. It examines the materials, styles, and cultural significance of shoes, showcasing how they have changed and influenced fashion, functionality, and social status throughout history.

Shoe Anatomy

Shoe Anatomy refers to the different components of a shoe, including the outsole, midsole, insole, upper, and heel. Understanding these parts helps in evaluating comfort, support, and durability of shoes.

Shoes PPT Presentation

Shoe Trends And Fashion

Shoe Trends and Fashion encompass the latest styles, designs, and preferences in footwear. It includes popular shoe styles, materials, colors, and patterns, as well as the influence of fashion trends on shoe choices and preferences.

Sustainable And Ethical Shoes

Sustainable and Ethical Shoes focus on environmentally friendly and socially responsible footwear production. It includes using eco-friendly materials, ethical labor practices, fair trade, and supporting brands that prioritize sustainability and ethical standards in their manufacturing processes.

Shoe Care

Shoe Care involves practices and products to maintain the condition and extend the lifespan of shoes. It includes cleaning, conditioning, polishing, and protecting shoes from damage, as well as proper storage and regular maintenance to ensure they stay in good shape for longer.

Shoe Sizing and Fit refers to finding the right size and shape of shoes for optimal comfort and support. It involves understanding different sizing systems, measuring feet accurately, considering width and arch support, and trying on shoes to ensure a proper fit.

How To Edit Shapes

You can add and edit some **shapes** to your presentation to present your data in a visual way.

- Choose your favourite infographic and insert it in your presentation using Ctrl C + Ctrl V or Cmd C + Cmd V in Mac.
- Select one of the parts and **ungroup** it by right-clicking and choosing “Ungroup”.
- **Change the color** by clicking on the paint bucket.
- Then **resize** the element by clicking and dragging one of the square-shaped points of its bounding box (the cursor should look like a double-headed arrow). Remember to hold Shift while dragging to keep the proportions.
- **Group** the elements again by selecting them, right-clicking and choosing “Group”.
- Repeat the steps above with the other parts and when you’re done editing, copy the end result and paste it into your presentation.
- Remember to choose the “**Keep source formatting**” option so that it keeps the design. For more info, please visit **Slideegg (Tips & Tricks)**.
